To Whom It May Concern:
RE: Pastor Rusty Boles

It has come to my attention that Pastor Boles is in dire need of a new truck. I am writing this letter as a letter of reference. I have known Pastor Rusty for 2 years. During that time period I have never known of an instance, when Rusty has been asked to help on a project or head up a project, that he has not helped when asked. Most of what Rusty does in his Ministry involves the use of a truck. He helps move people who need help for one reason or another, he collects furniture that people have donated and delivers the furniture to the varies charity organizations in the area or to individual persons in need of furniture. During the holidays Pastor Boles is keep busy seeking donations and delivering meals to the needy in the community. Pastor attends Calvary Chapel Worship Center in New Port Richey, were he is very heavily relied on to help out with the different ministries there.

Rusty is the go to man when a brother or sister in Christ needs help. He makes all the arrangements, gets all the volunteers together (which can be from 1 to 50 people depending on the project or task at hand), and then coordinates everything. I can attest to this first hand as I am one of the brothers that Rusty as helped out in a time of need.

I could keep going, but I think you get the picture here. Rusty believes in his ministry and does whatever he can to fulfill that ministry. However without a truck most of Rusty's ministry work will be put on hold.
